

MASTERY IN METAL

As a family-run business, we believe quality and value of manufacture are vitally important. From baseplates and tanks to staircases and gates, everything is individually handcrafted and inspected.

Our company manufactures a wide range of high quality products for the engineering, sculpture and domestic markets worldwide.

We are always open to undertaking individual commissions or batch work.

As metal stockholders, our workshops can supply and work with all grades of mild and stainless steel, aluminium, copper and bronze.

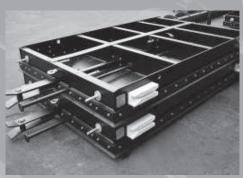

'If it's made of metal we can make it.'

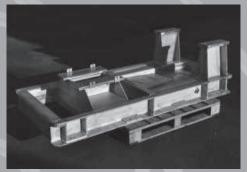

THE SCALLOP MAGGI HAMBLING, ALDEBURGH
MANUFACTURED AND INSTALLED BY J.T.PEGG & SONS LTD

A PRECISION PROCESS

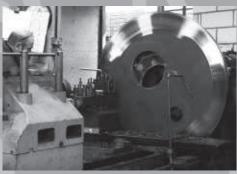

We use quality, precision equipment to ensure our work is crafted to the highest standards throughout the manufacturing process.

WATER GATES

STAINLESS STEEL BASEPLATES

SUPPORT PLATE MACHINING

FABRICATION WORKSHOPS

- 5 tonne lift capacity
- Plate shearing 3m x 13mm
- Brake press 120 tonne x 3m
- Profile cutting
- Punching, sawing and drilling
- · On-site welding

WELDING WORKSHOPS

- Tig, mig and stick welding in mild and stainless steel and aluminum
- Coded welders to ASMI IX, BS4870, BS4871, EN287 and EN288 in mild and stainless steel

MACHINING WORKSHOPS

- Turning to 1500 diameter x 2500 long between centres, maximum 6 tonne
- Milling 2500 x 1200 x 750mm
- Vertical boring up to 900 diameter
- Jones & Shipman cylindrical grinding
- Sawing up to 300 diameter
- Drilling to 75 diameter

BY PRECISION CRAFTSMEN

With four generations of experience in traditional craft and modern engineering, we always deliver excellence in our metal work.

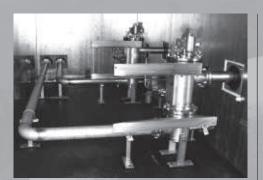

DENNIS PEGG

FOUR GENERATIONS OF EXPERTISE IN:

- Fabrication, welding and machining in all grades of mild and stainless steel
- Precision engineering of base frames and baseplates
- Tanks and pipework for the pumping and water filtration industries
- Steel frame buildings, structural steels and all other requirements
- Blacksmithing, chimney and flue work
- Commissioned sculptures
- Sea defenses and public service work

ACROSS WIDE-RANGING PROJECTS

Our reputation has been built through outstanding service and repeat custom. Some notable examples of our work are shown below and on our website at www.jtpeggandsons.co.uk
